Marsh Supermarket & The Axis Apartments
Block 400
Indianapolis, Indiana
04 September 2012

Block 400—Axis Apartments, Marsh Supermarket and Parking Garage Indianapolis, Indiana

The project consists of a four-level, 425 space parking garage and an adjacent Marsh store. The cast-in-place post-tensioned parking garage was wrapped by wood framed housing units. The Marsh store served as a podium transfer level for additional wood framed apartments above. A post-tensioned flat plot slab was used as the transfer level for the apartments and internal landscaped courtyard.
